PROFESSIONAL SUMMARY

Graphic designer and production specialist with 20+ years of experience adapting designs for various production-ready formats: digital marketing assets, print, packaging, large-format, and signage. Proven expertise in managing e-commerce platforms, SEO optimization, and email marketing campaigns alongside traditional print workflows, vendor coordination, and production-ready file preparation. Strong skills in brand standards management, cross-functional collaboration, and multi-channel marketing execution from concept through delivery across consumer goods, retail, and technology sectors.

CORE COMPETENCIES

Multi-Format Design (digital marketing assets, print, packaging, large-format, signage) • Web Development • E-commerce Platforms • SEO • Email Marketing • Brand Standards • Vendor Coordination • Quality Assurance
